

PROSPECTUS – LEASE
U.S. DEPARTMENT OF VETERANS AFFAIRS
AUSTIN, TX

Prospectus Number: PTX-01-VA26

Congressional Districts: TX-35, TX-37

Executive Summary

The General Services Administration (GSA) proposes a replacement outpatient clinic (OPC) lease of approximately 194,912 net usable square feet (NUSF) for the U.S. Department of Veterans Affairs (VA) replacing a separate outpatient facility totaling 194,912 NUSF in the vicinity of Austin, TX.

The lease will be delegated to VA, provide continued services for the Austin Veteran community, and provide the necessary expansion services to meet current and projected service delivery gaps for healthcare in the local market.

Description

Occupant:	Veterans Affairs
Current NUSF:	194,912
Estimated Maximum NUSF:	194,912
Expansion/Reduction NUSF:	N/A

Estimated Total Unserviced Annual Cost:² \$12,227,000

Justification

The proposed lease would allow the Department to continue to provide Veterans access to high-quality, reliable health care in the Austin area. A new lease would also provide future flexibility to the Department. Based on changes in Veteran demographics, workload patterns, and emergent health care delivery practices, a flexible lease alternative would allow VA to scale real property assets to adapt to changes without committing the Department to long-term obligations.

This project would enhance Veteran health care services in the Austin market. As workload for Ambulatory Services and Procedures and Mental Health Stops and Services is projected to increase over the next 20 years, this project is essential to ensure that Veterans are able to access these services in a timely manner. Continuing to be housed in a right-sized and accessible facility would allow optimized VA care delivery, improved Veteran satisfaction, increased team coordination, improved workflows, and improved recruitment and retention for VA staff.

Summary of Energy Compliance

The Government will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. The Government encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.³

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure and the Senate Committee on Environment and Public Works approving this prospectus will

maintenance and repair reserves included); however, the lease contract may include operating expenses paid by the lessor.

² New leases may contain an escalation clause to provide for annual changes in real estate taxes.

³ Per the legal authority in 42 U.S.C. § 17091 based on the originating legislation EISA 2007 § 435, with only certain exceptions, Federal agencies are not to enter into a contract to lease space in a building that has not earned the ENERGY STAR label in the most recent year.

constitute approval to make appropriations to lease space in a facility that will yield the required net usable area.

Interim Leasing

The Government will execute such interim leasing actions as are necessary to ensure continued housing prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

Certification of Need

The proposed project is the best solution to meet a validated Government need.
