

**Notice of Availability for the Final Environmental Assessment and Finding of No Significant Impact for the Proposed Expanded and Modernized Land Port of Entry in Trout River, New York.**

The U.S. General Services Administration (GSA) gives notice that it is publishing the Final Environmental Assessment and the Finding of No Significant Impact for the proposed construction of a reconfigured, expanded, and fully modernized Land Port of Entry (LPOE) located immediately adjacent to the U.S.-Canada border, north of the village of Trout River, New York. The modernized facility will house Federal inspection operations involved in the processing of non-commercial and commercial vehicles and train passengers.

Pursuant to the provision of GSA Order ADM 1095.1f, this notice advises the public of GSA's findings that the action described above will not significantly affect the quality of the human environment.

This notice is being issued in accordance with the National Environmental Policy Act. The Final Environmental Assessment and Finding of No Significant Impact is available to the public at the GSA website: <https://www.gsa.gov/troutriverlea> and at the Wead Library located at 64 Elm Street, Malone, NY.

For further information please contact: Amanda Foley, GSA Environmental Protection Specialist, One World Trade Center, 55th Floor, Room 55W09, New York, NY 10007; or by email at [amanda.l.foley@gsa.gov](mailto:amanda.l.foley@gsa.gov).
